## PROJECT

---

### Project #1 : SAVI Import and Export

SAVI Import and Export is a modern web-based e-commerce platform designed to simplify global trade operations. Built using the MERN stack (MongoDB, Express.js, React.js, Node.js), it provides a secure, scalable, and user-friendly interface for both buyers and admins. The platform supports real-time order tracking, secure payments, and streamlined product imports/exports, catering to businesses of all sizes.

- **User & Admin Management** – Role-based access with secure registration, login, and dashboard functionalities for both users and admins.
- **Product Management** – Secure Authentication – Token-based authentication using JWT and encrypted password with bcrypt.
- **Secure Authentication** – Token-based authentication using JWT and encrypted passwords with bcrypt.
- **Real-Time Order Tracking** – Track orders through multiple statuses: PENDING, PROCESSING, SHIPPED, IN TRANSIT, CUSTOMS CLEARANCE, DELIVERED.
- **Payment Integration** – Integrated with PayPal for seamless and secure international transactions

## Project #2 : Bank Project

The BankProject is a web-based banking app for managing Savings and Current accounts online. Built with React JS, Express JS, and MongoDB, it enables secure registration, transactions, document uploads, and fixed deposits. Admins can manage users, verify, block, delete accounts, and track transactions, ensuring seamless and secure banking. Key features include:

- **Account Management** – Customers can create and manage Savings or Current accounts.
- **Secure Authentication** – Register, log in, and access services using token-based authentication.
- **Document Management** – Upload and view multiple documents.
- **Transaction Monitoring** – Access customer transaction history via email ID.
- **Password Reset** – Securely reset passwords via the forgot password feature.

## EDUCATION

---

### Government College, Nagda

Bachelor of Arts  
2021\_2024

### Aditya Birla Higher Secondary School

12th - PCM | 2019  
10th | 2017

## CERTIFICATIONS

---

- MERN Stack | Universal Informatics | 2024
- Web Designing | Universal Informatics | 2024
- C / C++ | Universal Informatics | 2023

## INTEREST & STRENGTH

---

- Exploring
- Athlete
- Football
- Flexibility
- Consistency
- Eye for detail
